IV. Reasons you believe you should be appointed to this group?

I feel I should be appointed to this group because I care about my community today and show leadership that I could contribute to this commission as the youth intern. I am presently part of the youth council and this opportunity for me to join would be great. I show commitment to everything I have to do and am very honorably. I can speak both English and Spanish as well. I show great communications with others and enjoying working together with youths and community leaders. As well I enjoying organizing and believe in making a safe community for adults and future youths today. In conclusion The Parks and Recs commission would be a great commission to be a part and would be a great opportunity for me to serve as a youth intern.
